PREFACE

I am pleased to present the Audited Financial Statements of the Federal Government for the year ended 30 June, 2016 together with the Auditors' Report thereon along with the management analysis report.

The Financial Statements of the Federal Government for the financial year 2015-16 have been prepared by the Accountant General Pakistan Revenues, Islamabad under Section 5 of the Controller General of Accounts (Appointment, Functions and Powers) Ordinance, 2001 and are the responsibility of the Controller General of Accounts.

In response to the changing nature of stakeholders' requirements for making informed decision making based on financial information and developments in the public sector accounting standards, the role of CGA has transformed. Stakeholders now expect high quality, reliable and relevant financial reports and the focus of CGA is not limited to reporting historical results, but is now constantly moving towards enhancing public value, by providing the legislature and the executive through the Financial Statements and Management Analysis report an insight of the government's financial performance.

In December 2000, Auditor General of Pakistan prescribed New Accounting Model (NAM) with the approval of the President of Pakistan under Article 170 of the Constitution of Islamic Republic of Pakistan. NAM, which conforms to international best practices, comprises of seven volumes and is based on Modified Cash Basis of Accounting in which, though cash basis of accounting is followed, the following additional concepts were introduced:

- Commitment Accounting
- Physical and Financial Assets Accounting
- Liabilities Accounting

Commitment, asset and liability accounting practices are not yet implemented and these financial statements have been prepared on cash basis of accounting and do not include accrued receipts and liabilities.

The format of International Public Sector Accounting Standards (IPSAS) Cash Basis - Financial Reporting under the Cash Basis of Accounting has been adopted for the preparation of these Financial Statements.

These Financial Statements focus on reporting the budgetary activity of the Government for the financial year as laid down in the financial procedures of the Constitution which describes the Government as Federal Consolidated Fund and Public Account for which Annual Budget Statement is authorized by the Parliament in the form of budgetary grants.

Finally, it is important to emphasize the value of sustal excellence in public sector financial accounting and report and staff of CGA are working closely to address the challe quality, transparency and reliability of financial reports. The we are committed to support the decision making critical to	ting. Moving forward, management enges and issues which can limit the 'hrough excellent financial reporting
Islamabad, Pakistan Date:	Controller General of Accounts

MANAGEMENT ANALYSIS

INTRODUCTION

The Financial Statements of the Federal Government provide a record of the Government's financial performance over the financial year 2015-16 in the statement of cash receipts and payments, its cash flows along with comparison with the revised budget approved by the Parliament in the statements of comparison of budget and actual amounts by function and actual expenditure by division.

The financial statements for the financial year 2015 - 16 have been prepared and presented in order to make a fair

presentation of all the relevant financial information without making any change in the fundamentals applied and all policies have been applied on a basis consistent with the previous year.

The financial statements have been prepared by the Accountant General Pakistan Revenues (AGPR) by consolidating the information relating to all Federal Government entities which it receives from AGPR sub offices and Self Accounting Entities.

FINANCIAL MANAGEMENT

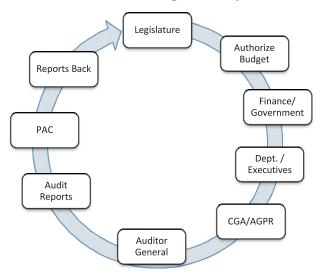

The financial management cycle starts with the preparation of annual budget statement which is approved by the parliament. A detailed elaboration of the financial management cycle is as follows;

- 1. Each year Ministry of Finance receives budget estimates from the Government agencies.
- 2. The annual budget is prepared on the basis of the resources available and priorities of the Government.
- 3. Parliament approves the budget.
- 4. Principal Accounting Officer sanctions the expenditure.
- 5. Controller General of Accounts is responsible for the regulation of preparation of annual financial statements. This task is accomplished through Accountant

General Pakistan Revenues (AGPR) who has the prime responsibility for disbursements, keeping a record of transactions and preparation of annual financial statements of the Federal Government whereas for self accounting entities this task is accomplished by the Principal Accounting Officer (PAO).

- 6. Each year Auditor-General of Pakistan certifies the financial statements of federal, provincial and district governments.
- 7. Audited Financial Statements and Audit Reports are laid before the National Assembly. These reports are then discussed in the Public Accounts Committee who then reports back to the National Assembly.

Financial Management Cycle

GOVERNANCE STRUCTURE

Pakistan is a federal republic to be known as Islamic Republic of Pakistan and the territories of Pakistan comprises of the provinces of Balochistan, Khyber Pakhtunkhwa, Punjab and Sindh, Islamabad Capital Territory and Federally Administered Tribal Areas.

As per the Constitution of the Islamic Pakistan, Republic of 1973. President of Pakistan has the executive authority of the federation with a Cabinet of Ministers headed by the Prime Minister to aid and advise the President in the discharge of his duties and all executive actions of the federal government shall be expressed to be taken in the name of the President. The executive authority of the federation extends to the matters with respect to which Parliament has power to make exercise including of authority and jurisdiction in relation to areas outside Pakistan.

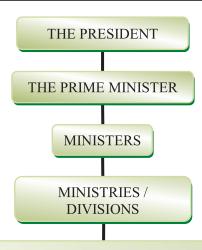

To perform the executive function and to carry out the functions and fulfill the responsibilities, the Constitution requires the President of Pakistan to make rules for the allocation and transaction of the business the Federal Government. Under the provision of Article 90 and 99 of the Constitution, Rules of Business 1973 made which define administrative structure, allocation and transaction of the business the Federal Government.

A Division is the basic self contained unit for the conduct of the business of the Federal Government and a division or group of divisions can be constituted as a Ministry with a Minister-in-Charge under Rules of Business, 1973. Each ministry or division may have attached departments working directly under it to perform specific functions. In addition Government Federal includes subordinate offices, special purpose authorities and commercial enterprises which perform functions on behalf of Federal Government. Minister is responsible for important

policy decisions and formulation of ministries or divisions and allocation of

business amongst them.

FINANCIAL ACCOUNTING AND REPORTING FRAMEWORK

Public Sector Accounting practices in Pakistan are currently undergoing major reforms aimed at increasing transparency, streamlining accountability and improving overall financial management in line with international standards and practices, which mainly include;

- Implementation and Use of SAP R/3
- Development and Implementation of New Accounting Model

The SAP R/3 solution being currently implemented on a nationwide basis covers all the District Accounts Offices (DAO) and Agency Sub-Offices at the lowest level. The solution covers all Accountant General (AG) Offices and Accountant General Pakistan Revenues (AGPR) sub-offices at the provincial level, the AGPR Head Office and the Controller General of Accounts (CGA) headquarters.

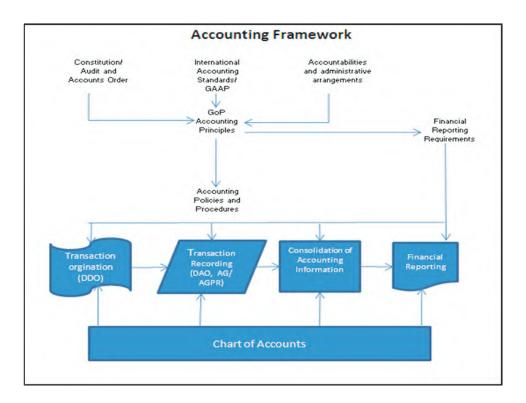

New Chart of Accounts was adopted from 1st July 2004. In December 2000, Auditor General of Pakistan prescribed NAM with the approval of the President of Pakistan under Article 170 of the Constitution of Islamic Republic of Pakistan. NAM is based on Modified Cash Basis of Accounting in which, though cash basis of accounting is followed, the following additional concepts were introduced:

- Commitment Accounting
- Physical and Financial Assets Accounting
- Liabilities Accounting

Commitment, asset and liability accounting practices are not yet implemented and these financial statements have been prepared under the cash basis of accounting that recognizes transactions and events only when cash is received or paid by the entity.

The accounting framework of the Federal Government focuses on reporting the budgetary activity of the Government for the financial year as laid down in the financial procedures of the Constitution which describes the Government as Federal Consolidated Fund and Public Account and consists of accounting principles, policies and procedures. The framework prescribes a particular basis of accounting, which is relevant and applicable to Pakistan, but also adopts, where applicable, the accounting concepts laid down in Generally Accepted Accounting Principles (GAAP) and International Standards.

The accounting framework integrates the accounting principles with the financial reporting requirements, the chart of accounts and the detailed accounting procedures. These linkages are shown in the following diagram:

The format of International Public Sector Accounting Standards (IPSAS) Cash Basis - Financial Reporting under the Cash Basis of Accounting has been adopted for the preparation of these Financial Statements.

The Financial Statements include;

- Statement of Cash Receipts and Payments
- Statement of Cash Flows
- Statement of Comparison of Budgeted and Actual Amounts by Function
- Statement of Comparison of Budget and Actual Expenditure by Division
- Statement of Appropriation of Grants by Object
- Notes to the Financial Statements

The statements of comparison of budget and actual amounts by function and actual expenditure by division are presented on a gross basis, whereas receipts and payments of floating debt in the Statement of Cash Receipts and Payments and Statement of Cash Flows have been netted off for which a reconciliation has been presented on a net basis as disclosed in the notes to the financial statements.

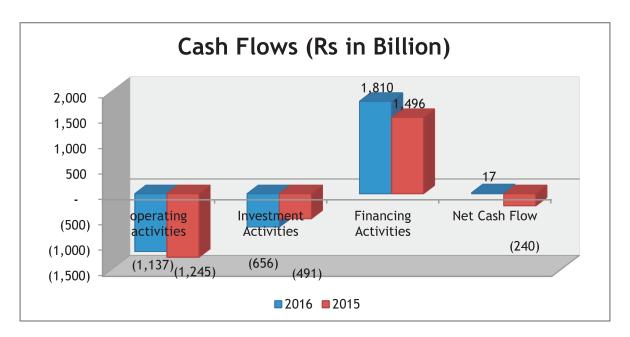

Assets and liabilities of the Federal Government are disclosed in the notes to the Financial Statements and are recorded on a historical cost basis and do not include accrued receipts and payments.

FINANCIAL REVIEW

CASH FLOWS

The net cash flows for the year have increased by Rs. 257,690 million increasing the balance of cash and cash equivalents at end of the year from negative balance of Rs. 2,859 million last year to a balance of Rs.14,456 million. Cash used in

operating activities decreased by 8.71%. The outflow from investing activities has increased by 33.51%. The cash flows from financing activities have increased by 20.98%.

RECEIPTS AND PAYMENTS

RECEIPTS

Taxation

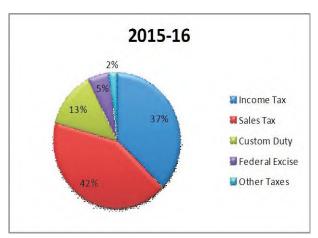

During the year under review tax receipts were Rs. 3,110,380 million as compared to Rs. 2,570,485 million for the previous financial year, which represents an increase of 21%. Out of total tax collections for the financial year 2015-2016, the Federal Government has transferred Rs. 1,773,054 million to the provinces. These transfers are made from all heads of taxes in accordance with the

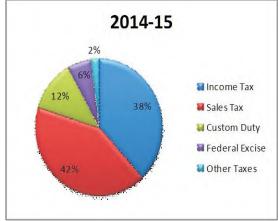

NFC award. The net tax reported after the transfers leaves the Federal Government with tax revenue of Rs 1,337,326 million against Rs. 1,127,269 million in comparison with the previous financial year.

The Federal Board of Revenue (FBR) introduced a widereforms ranging and tariff tax implemented under Tax Administration Reform Program (TARP). TARP was reportedly effectively implemented by widening the tax base by reducing exemptions, incentives and concessions, reducing multiplicity of rates, lowering tax rates, shifting the incidence of tax burden from production to consumption, moving away from the excessive reliance

on manufacturing and taxing all value additions including services, enhancing the neutrality between present and future consumption, enhancing the neutrality of the tax system to forms of business organizations and sources of finance, and re-engineering business process of the tax system to overcome the culture of tax avoidance and evasion.

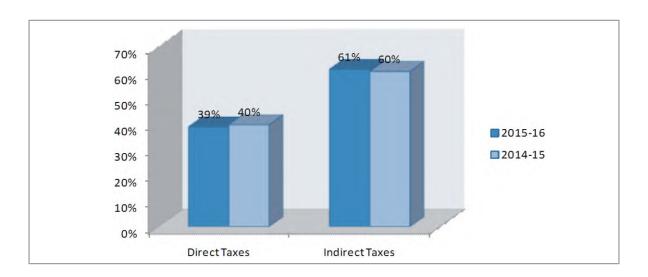

The basic philosophy of tax and tariff reform has been to move away from investment and production based taxes to income (direct taxes) and consumption (sales tax) based taxes. Pakistan has succeeded in changing the composition of its taxes but much more effort will be needed to enhance the share of direct taxes in total taxes. A bird eye view of the tax composition is presented below;

The composition of direct taxes and indirect taxes for the year under review has

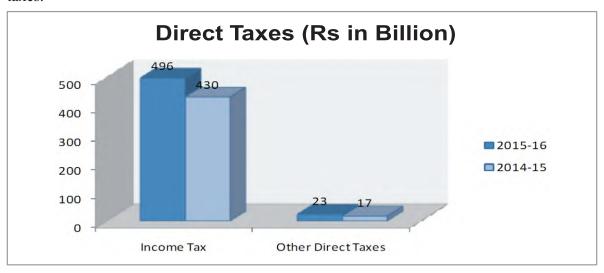

been; Direct taxes 39% and indirect taxes 61% out of total taxes.

Direct Taxes

The direct taxes are a major source of federal tax revenues after sales tax. Direct tax consists of Income Tax, withholding tax, capital value tax, tax on profession, trade and callings and other miscellaneous taxes.

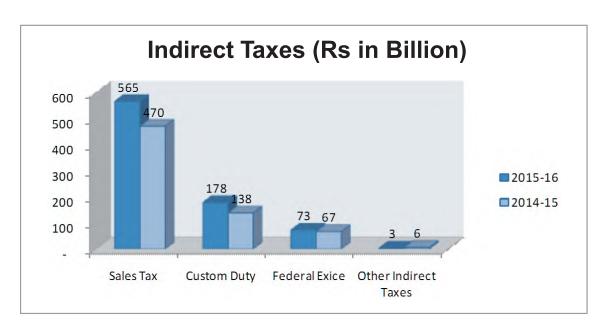

The net collection of direct taxes has increased by 72 billion as compared to previous year. Composition of direct taxes for the financial years is depicted below.

Indirect Taxes

Indirect taxes are the largest contributor to federal tax revenues. Indirect taxes comprise of sales tax, customs duty and federal excise duty. The total revenue from Indirect taxes for the current year amounted to Rs. 818 billion. Sales tax has emerged as the leading revenue source in

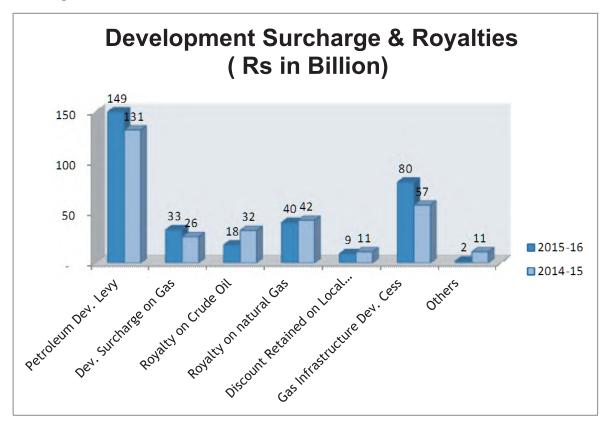

recent years. Due to its buoyant nature, the share of sales tax has come to 69.02% of the total indirect tax collected, customs to 21.76% and Federal Excise 8.86% of the total indirect taxes.

Development Surcharge and Royalties

Items exhibiting major movements here are Petroleum Development Levy showing 12.02% increase from previous year, Dev. Surcharge on Gas 20.99% increase from

last year. The Gas Infrastructure Dev. Cess increased by 28.52%.

Borrowings

1. Domestic Debt

During the year under review domestic debt receipts amounted to Rs. 1,884,119

Permanent domestic debt raised during the current financial year was Rs. 1,668,997 million as compared to Rs. 1,183,797 million in the last financial year. The major sources were Pakistan Investment Bonds (Rs. 1,006,023 million), Ijara Sukkuk Bonds (Rs. 314,380 million), Bai Muajjal (Rs. 212,621 million).

2. Foreign Debt

In the year under review, the burden of foreign debt on the Federal Government has increased by Rs 239,036 million. Receipts of foreign debt recorded were Rs. 704,614 million this year as compared to Rs. 465,578 million last year which represents an increase of 51.34%. Amongst foreign lenders, Chinese Loan amounted to Rs. 89,960 million during the year. donors were Other major Asian Development Bank (ADB) Rs. 120,827 million, International Development Association (IDA) Rs. 143,414 million, Islamic Development Bank (IDB) Rs. 104,280 million and Consortium of Commercial Banks Rs. 102,421 million.

million which consist of permanent debt and floating debt-net basis.

Dividend and profit share

Dividend represents dividends received against the investments made by the Federal Government in financial and non-financial institutions. Non-financial institutions were the prime source of dividends received in the Federal Consolidated Fund. An increase of 23.37% in total dividend receipts was recorded in comparison to the previous financial year; the current year's receipt amounted to Rs. 91,549 million. Out of total dividend income, dividend from OGDCL was Rs. 18,702 million, Pak Arab Refinery Ltd Rs. 16,800 million and from Government Holdings Private Ltd was Rs. 15,000 million.

Share of profits represents distributable profits from the State Bank of Pakistan and Pakistan Post Office to the Federal Government against the appropriation of their net profits from their investment holdings. The profit share received during the year was Rs. 262,236 million. Profit share from State Bank of Pakistan has shown a decrease of 42.88% from the previous year.

The surplus profit of the SBP, after making provision of reserve fund dividend payments, is transferred to the Federal Government.

Recovery of loans and advances

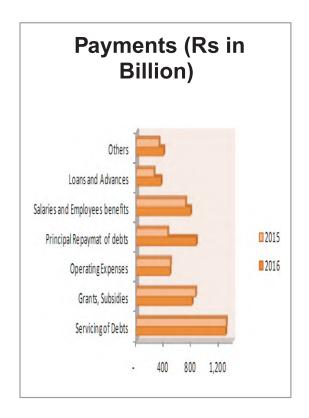

This item has witnessed a major movement in aggregate. Compared to previous year, an increase of 40.61% in recoveries has been recorded. As far as recoveries from provinces are concerned, figure of last year stood at Rs. 41,064 million compared to Rs. 52,406 million this year.

PAYMENTS

The Federal Government's plan of better fiscal transparency and improving expenditure management is still at the forefront of policy despite the impediments faced by the country during this fiscal year. Total payments made from Federal Consolidated Fund during the current year increased by Rs. 588 billion (13.41%) from the previous year. Total payments made during the year amounted to Rs. 4,972 billion as compared to Rs. 4,384 billion last year.

The major payments include salaries and employees benefits amounting to Rs. 782 billion, operating expenditure amounting to Rs. 483 billion, servicing of debt Rs. 1,291 billion, grants, subsidies and write-off of loans Rs. 803 billion and principal repayment of debts amounting to Rs. 867 billion. The Principal Repayment of Debt consisted of repayment of domestic debt of Rs. 531 billion and Rs. 335 billion for repayment of foreign debt. Out of total debt servicing payments of Rs. 1,291 billion, the domestic debt servicing cost was Rs. 1,178 billion and foreign debt servicing cost was Rs. 112 billion.

The composition of payments made has been detailed below;

THE BUDGET 2015-2016

The budget is the principal document by which the Government sets out its financial plan for each financial year, namely how much the plan will cost (i.e. expenditure) and how much and in what way, money will be raised to finance the expenditure (i.e. revenue). It consists of the following documents;

- Annual Budget Statement (article 80 of constitution)
- Schedule of Authorized Expenditure detailed estimates of Consolidated Fund
 current expenditure and detailed
 estimates of Consolidated Fund development expenditure (Article 83 of
 the constitution)
- Finance Act the legal instrument through which the budget becomes an act of law.

Medium-Term Budgetary Framework (MTBF)

Previously the budget process was structured to provide only annual budget. This did not permit spending agencies to formulate their programs more than a year with uncertainty regarding the availability of resources beyond the annual budget. In order to allow these spending agencies to plan their programs in a consistent and coherent manner, the Government has initiated the process of putting in place a Medium - Term Budgetary Framework (MTBF). MTBF assists in improving the overall quality of planning and budgetary process and enhancing the also quality effectiveness of public expenditure. has introduced the concept of multi-year

Analysis of Budget - Comparison of Actual With Budget

Capital and Revenue are two major categories of receipts disclosed in the financial statements. An amount of Rs.

Budgeted Payments

The detail below depicts the allocation of original and revised budget of expenditure. This entails distribution of budgeting. MTBF will enable ministries to prioritize their spending plan within the indicated envelop and will, to a great extent, reduce the uncertainties that impede effective planning.

The MTBF reforms initiated in 2003 comprise two major components – the strategic or "top-down" component implemented in the Ministry of Finance and the "bottom up" component which introduces strengthened budget preparation through output based budgeting, progressively across the Federal Ministries.

2,518,934 million was budgeted as revenue receipts against which actual receipts collected were Rs. 2,237,082 million. Capital receipts budgeted were Rs. 10,463,328 million and the actual receipts were of Rs. 11,515,084 million.

original and revised budget on different functions of the Government i.e. percentage of budget allocated originally and its subsequent revision in different functions.

FINANCIAL SYSTEM, CONTROLS AND LEGAL COMPLIANCE

Financial System and Control

The effectiveness and credibility of government policies is critically dependent on the availability of timely and accurate financial and management information, a framework of financial and accounting principles and procedures designed according to internationally accepted standards. The Government has made significant progress in its efforts to re-engineer its economic and financial management function to include as key elements of its strategy:

Modern accounting system designed according to internationally recognized

accounting principles and standards, and based on modern information technology to ensure ready availability of relevant, Accurate and timely information required by economic managers as a decision support system.

Implementation of the world most advanced Enterprise Resource Planning (ERP) system, SAP has been implemented at AG offices. Two modules namely Financial and Controlling (SAP-FICO) and Human Resources (SAP-HR) are currently in use. This system has contributed a lot in the preparation of financial statements. Additionally, procedures of

Payroll and General Provident Fund have become more effective. Burden on the employees has been reduced and effectiveness ensured. Due to its advanced functionalities, tracking of each and every case of GP fund or payroll has become very easy and full information can be retrieved even after a number of years.

• Increasing professionalization of the elements of its civil services which deal with financial and economic management, requiring key competencies in staff training and appropriate human resource management policies emphasizing performance, experience and knowledge; and, Increasing partnership between the private and public sectors in their respective areas of comparative advantage.

The Government has implemented **New Accounting Model (NAM)** to improve expenditure management and fiscal transparency. **NAM** was approved subject to its implementation which is in process. Keeping in view the massive scale and complexity of government accounting significant progress has taken place. However, at present memorandum registers for assets and commitments do not exist and accounting of liabilities is still in the process of completion.

The CGA has circulated the Principles for Internal Financial Control (PIFC) to Ministry of Finance and the Provincial Finance department as required under section 5(d) of the Controller General of Accounts Ordinance, 2001. These principles have been based on the Committee of Sponsoring Organizations (COSO) Framework that confirms to best practices of internal controls standards.

These PIFC principles are discussed in twenty high levels internal financial controls governed by five major components namely control environment, risk assessment, control activities, information and communications and monitoring.

These concepts define the minimum level of quality acceptable for internal control in Government and provide the basis against which internal controls are to be evaluated.

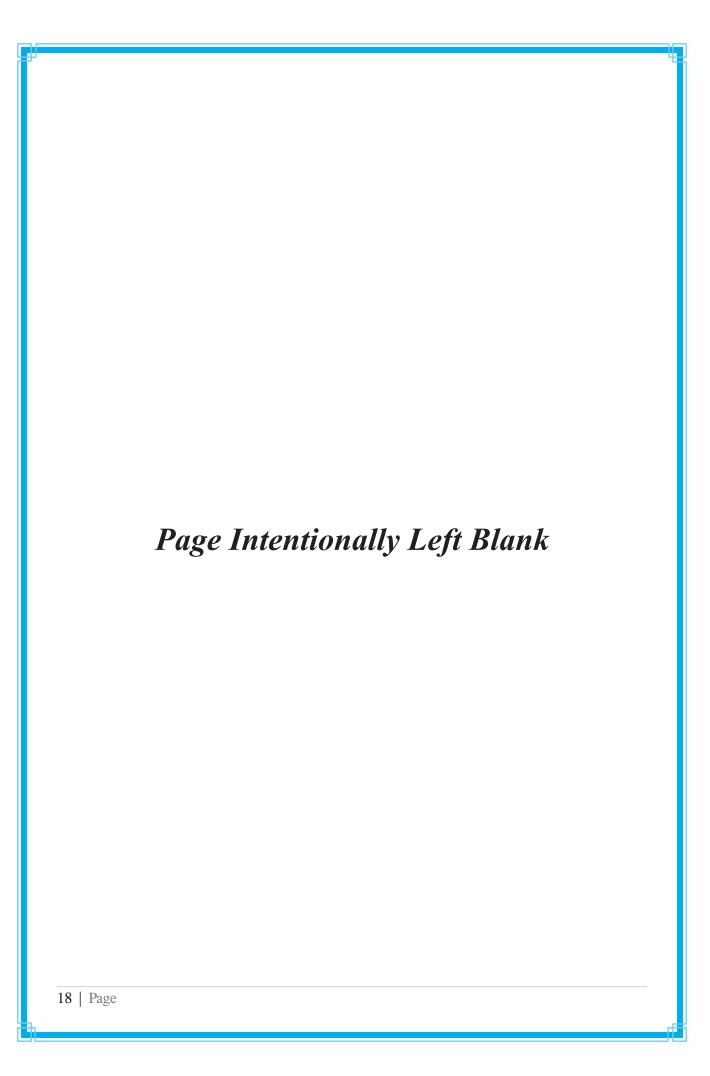

These concepts apply to all aspects of an organization's operations. However, they do not intend to limit or interfere with duly granted authority related to developing legislation, rule making, or other discretionary policy making in an

organization and focuses on ensuring reliability of financial information being generated, safeguarding of assets as well as compliance with laws and regulations affecting financial reporting, disbursements and financial control.

The role of Principal Accounting Officers (PAO) and Chief Finance and Account Officers (CFAO's) is to establish a control mechanism to exercise oversight responsibility relating to financial management including financial control and reporting and as an effective member of the audit committee established by the management.

Legal Compliance

All Federal Ministries, Self Accounting Entities and Government Departments are required to comply with a wide range of laws and regulations, including budgetary appropriations, employment, health and safety and others. The responsibility of compliance primarily rests with the Principal Accounting Officers and its compliance with relevant laws is conducted by the Auditor-General office as part of its financial statement audit.

Auditor General of Pakistan

Audit House, Constitution Avenue Islamabad, Pakistan

Auditor's Report

I have audited the accompanying financial statements of the Federal Government, which comprise the statements of receipts and payments for the year ended 30th June 2016, statement of cash flows, statement of comparison of budget and actual amounts by function, statement of comparison of budget, actual expenditure by division and statement of appropriation of grants by object for the year then ended and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and proper presentation of these financial statements in accordance with the applicable financial reporting framework.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit in accordance with the requirements of Article 169 & 170 (2) of the Constitution of the Islamic Republic of Pakistan read with Section 7 of the Auditor-General's (Functions, Powers and Terms & Conditions of Service) Ordinance, 2001. I conducted my audit in accordance with the International Standards for Supreme Audit Institutions (ISSAIs) and other guidance issued by my department. These standards require that I perform procedures including risk assessment, to obtain reasonable assurance whether the financial statements are free of material misstatement. The audit process includes examining, on a test basis, evidence supporting the amount and disclosures in the financial statements. It also includes assessing the accounting policies used, as well as evaluating the overall financial statements presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion:

- (a) These financial statements properly present, in all material respects, the financial position of the federal government as at 30 June, 2016 and the results of its operations, its cash flow and its expenditures and receipts, by appropriation for the year then ended in accordance with the stated accounting policies of the Government of Pakistan.
- (b) The sums expended have been applied, in all material respects, for the purposes authorized by the Parliament and have, in all material respects, been booked to the relevant grants and appropriations.

Other Reports
Reports covering significant aspects of the financial governance or economical and effective
utilization of public resources are submitted separately to the President of Pakistan under
Article 171 of the Constitution of the Islamic Republic of Pakistan.

Islamabad, Pakistan (Rana Assad Amin)
Dated: Auditor - General of Pakistan

Notes to the Financial Statements For the Year Ended 30 June 2016

1. REPORTING ENTITY

Federal Government – Islamic Republic of Pakistan ("the Government") conducts its operations under the Rules of Business 1973. These rules were made pursuant to Article 90 and 99 of the Constitution of the Islamic Republic of Pakistan, 1973 ("the Constitution") and envisages Federal Government as comprising of ministries, divisions and attached departments. Financial procedures of the Constitution describes the Government as Federal Consolidated Fund and Public Account for which Annual Budget Statement is authorized by the Parliament in the form of budgetary grants. These financial statements focus on reporting the budgetary activity of the government for the financial year.

Article 170 of the Constitution confers the powers of defining the form, principles and methods of the accounts of the federation to the Auditor General of Pakistan, with the approval of the President. New Accounting Model was prescribed by the Auditor General of Pakistan in 2000 which describes Federal Government as an accounting and reporting entity comprising of;

- a) Centralized Accounting Entities; for which the Accountant General Pakistan Revenues has the primary responsibility for accounting and reporting.
- b) Self Accounting Entities; for which the Principal Accounting Officer has the primary responsibility for accounting and reporting. The Self Accounting Entities are as under;
 - 1. Defence Services
 - 2. Pakistan Post Office Department
 - 3. Foreign Office
 - 4. Pakistan Public Works Department
 - 5. Central Directorate of National Savings
 - 6. Pakistan Mint
 - 7. Geological Survey of Pakistan
 - 8. Pakistan Railways
- c) Exempt Entities; special purpose authorities/ organizations and all the Government owned corporations/ companies which are required to prepare their financial statements under their specific statute or Companies Ordinance, 1984. Financial statements of these entities are not included in the financial statements of the Federal Government. New investments by the Federal Government in such entities are capitalized and any grants to the entities are classified as an expense of the Federal Government in the financial year to which they pertain. Return from these entities in the form of dividends or interest is classified as non-tax revenue.

These financial statements include all centralized and self accounting entities except for Pakistan Railways. Financial statements of Pakistan Railways are prepared on a basis other than cash.

Notes to the Financial Statements

For the Year Ended 30 June 2016

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the New Accounting Model (NAM) which comprises of seven volumes. In December 2000, Auditor General of Pakistan prescribed NAM with the approval of the President of Pakistan under Article 170 of the Constitution of Islamic Republic of Pakistan and the implementation of NAM is an ongoing process. However commitment, asset and liability accounting practices have not yet been implemented and memorandum registers for assets and commitments do not exist and accounting of liabilities is not done in accordance with NAM.

3. ACCOUNTING CONVENTION AND BASIS OF PREPARATION

These financial statements have been prepared under the cash basis of accounting which recognizes transactions and events only when cash is received or paid by the entity. Assets and liabilities in the disclosed notes are on a historical cost basis.

These financial statements have been prepared as per the requirements of NAM that supports international best practices. The statement of receipts and payments, statement of cash flows, statements of comparison of budget and actual amounts by function, statements of comparison of budget and actual expenditure by division and notes forming parts thereof have been prepared on the format of Cash Basis IPSAS - Financial Reporting under the Cash Basis of Accounting. The statement of cash flows as required by IPSAS 2 - Cash Flow Statements has also been presented, as encouraged by Cash Basis IPSAS.

The Financial Statements for the financial year 2015-16 have been prepared and presented in order to make a fair presentation of all the relevant financial information without making any change in the fundamentals applied and all policies have been applied on a basis consistent with the previous year.

4. REPORTING AND BUDGET PERIOD

The reporting and budget period of these financial statements is the financial year 2015-16 (from 1 July, 2015 to 30 June, 2016).

5. REPORTING CURRENCY

The reporting currency of these financial statements is Pakistani Rupee.

6. SIGNIFICANT ACCOUNTING POLICIES

6.1. Recording of Receipts

Receipts are recorded on the date of receipt of money by the bank or clearance of cheque. These are recorded on a gross basis and any related costs are recorded separately. Receipt collected as a result of an overpayment made in the same financial year is adjusted against the relevant payment.

Notes to the Financial Statements

For the Year Ended 30 June 2016

6.2. Recording of Payments

Payments are recorded on the date when payment is made or cheque is issued. Financial year to which the payments pertain is determined by the date on which a cheque or payment advice is issued. Policies for recording of payments are as follows;

a) Payments made through cheque

Payment is recorded on the date the cheque is issued.

b) Inter government transfers

Payment is recorded on the date the transfer is made by the transferor.

c) Payments directly in bank accounts

Payment is recorded on the date the payment is made by the bank.

d) Direct payments by State Bank of Pakistan (SBP)

Repayment of loans and other direct payments by the SBP, payment is recorded on the date State Bank of Pakistan advises the relevant accounting office.

e) Imprest payments

Payment is recorded when the required claim vouchers are submitted and imprest account is reimbursed.

6.3. Foreign currency transactions

Cash receipts and payments arising from transactions in foreign currencies are recorded in Pakistani Rupee by applying the exchange rate between the Pakistani Rupee and the foreign currency at the date of the receipts and payments.

6.4. Employee benefits

The government has following plans for its employees:

a) General Provident Fund

An employee is compulsory subscribed to the General Provident Fund from the date of appointment and monthly subscription is by way of deduction from the monthly payroll at a uniform rate of subscription, as advised by the Government for a financial year as laid down in the Provident Funds Act (XIX of 1925) and General Provident Fund Rules. The Government pays interest on provident fund balance and is recorded as expenditure in the financial year.

FEDERAL GOVERNMENT

Notes to the Financial Statements

For the Year Ended 30 June 2016

b) Pension

It is the entitlement of government employees to a stream of payments after they retire from service. No liability for pension is recognized in the financial statements and pension payments made during the year are recorded as expenditure.

c) Encashment of leave

This represents liability arising form entitlements to the various forms of leave earned by government employees. No provision is made and the expenditure is recognized on the basis of payments made during the year.

6.5. Investments

Investments are initially measured at cost being the fair value of consideration given plus transaction costs that are directly attributable to their acquisition. Subsequent to initial recognition, investments are carried at historical cost. Any dividends received against investments are recognized when received in the Federal Consolidated Fund.

6.6. Cash and cash equivalents

For the purpose of cash flow statement, cash and cash equivalents comprise cash with State Bank of Pakistan and federal treasuries.

6.7. Reporting on net basis

Floating debt includes treasury bills auctioned by the government in which the turnover is quick, the amounts are large and maturities are short. These have been reported on a net basis in compliance with IPSAS Cash Basis. A reconciliation of gross and net amounts is presented in note 29 to the financial statements.

6.8. Liability

Liabilities are future sacrifices of economic benefits that the government is presently obliged to make as a result of the past transaction. All liabilities are recorded at historical cash value.

6.9. Public Debt

Public Debt comprise cash inflows from banks, similar lending agencies, commercial institutions and amounts owing in respect of non-cash assistance from foreign donors. All debts raised are classified as either floating or permanent debts depending on the nature of the transaction.

6.10. Assets

Assets are future economic benefits controlled by the government as a result of past transactions or other past events. Assets are recorded at cost and currently no depreciation is charged.

FEDERAL GOVERNMENT

Notes to the Financial Statements

For the Year Ended 30 June 2016

6.11. Loans and advances

Loans and advances include loans and advances due from provincial governments, autonomous bodies, financial and non-financial institutions, government servants for house building and purchase of conveyances and other loans. Loans to government servants are interest bearing and interest is calculated in accordance with the General Financial Rules.

6.12. Payments by third parties

The payments made by the third parties do not constitute cash receipts or payments controlled by the Federal Government as defined in the Cash Basis IPSAS - Financial Reporting under the Cash Basis of Accounting, as the Federal Government does not receive cash (including cash equivalents) directly from, or gain control of the bank accounts or similar facility established for its benefit by, the third parties. Payments made by third parties are disclosed separately on face of the Statement of Cash Receipts and Payments.

7. TAXATION

	•	2016 (Rupees in million)		2015 (Rupees in million)

	_	241,165	214,674

- 11.1. Petroleum development levy is imposed through Finance Ordinance, 2001 at per liter price of various selected products notified by the Government.
- 11.2. The development surcharge on natural gas is levied under the Natural Gas Development Surcharge Ordinance, 1967. In pursuance of the said ordinance, the federal government has to fix the sale price for the consumers and prescribe a price for the gas companies. The difference between the two prices is the margin available to the government as development surcharge. The surcharge on natural gas is transferred to the provinces according to the production of gas in a province.
- 11.3. Royalty on crude oil and natural gas is received under Pakistan Petroleum Production Rules, 1949 at the rate of 12.5% on the well head value of production.
- 11.4. Discount retained on local crude price is received from oil exploration companies selling petroleum products to refineries on the basis of prices prevailing at international markets. The profit margin available between sale price and cost of production is shared by exploration companies and Federal Government.
- 11.5. Gas Infrastructure Development Cess was levied vide "Gas Infrastructure Development Cess Act, 2011. The cess is chargeable from gas consumers, other than domestic sector consumers of the company aver and above the fixed sale price. The Cess shall be utilized for or in connection with Infrastructure Development of Iran Pakistan Pipeline Project, TAPI Pipeline Project, LNG or other projects or for equalization of other imported alternative fuel including LPG.
